## **OUTREACH POLICY**

As part of NSWIPP's ongoing efforts to engage in Outreach, we have developed an Outreach Policy designed to provide transparency and help guide anyone who may be interested.

Outreach is defined as activities, including small group seminars, supervision, workshops and/or lectures with a focus on reaching out to a wider audience, beyond the NSWIPP Membership.

The Policy guidelines are as follows:

- Any and all NSWIPP members are welcome and encouraged to initiate Outreach Programs & Activities.
- Proposals will be presented to the EC for approval.
- Approved Outreach Programs & Activities will be promoted and supported by NSWIPP.
- Attendees of the Outreach Programs & Activities will pay fees to NSWIPP. (NSWIPP Members may attract a discounted fee on public lectures and workshops)
- NSWIPP will pay the facilitator/ leader a fee per hour that is consistent with other NSWIPP activities

We are grateful to any member who wishes to participate in the promotion of Psychoanalytic Ideas in the community through a NSWIPP sponsored initiative and we welcome ideas and feedback from members.
